EDUCATION

2020 - 2022

NIT JAMSHEDPUR

- Master of Technology (M.Tech) in Computer Science & Engineering
- CGPA: 8.66

2011 - 2015

ASSAM ENGINEERING COLLEGE

- Bachelor of Engineering in Electronics & Telecommunications
- Percentage: 73

SKILLS

- Workato (Expert)
- Boomi (Expert)
- IBM Integration Bus
- Mulesoft
- SQL
- Python
- Agentic AI

LANGUAGES

- English
- Hindi
- Bengali

PUBLICATIONS

Pulmonary Lung Cancer Classification Using Deep Neural Networks

Springer · May 1, 2023

PROFILE

Enterprise Application Integration (EAI) Developer with 8 years of experience designing and delivering solutions across enterprise systems. Hands-on expertise in developing integrations using **IBM Integration Bus** and cloud iPaaS platforms **Workato** and **Boomi**. Strong understanding of business process flows, **SDLC** and translating **business/functional requirements** into robust and scalable implementations. Recognized for quick adoption of new technologies, clear communication and effective collaboration with cross functional teams.

WORK EXPERIENCE

Zscaler

2022 - PRESENT

Sr. Software Engineer, Integrations

- Migrated enterprise integrations from Boomi to Workato, enhancing scalability and governance.
- Delivered complex HR, Finance, CRM and LMS integrations across SuccessFactors, Workday, Dayforce, Coupa, NetSuite, Salesforce, PearsonVue, Cornerstone, etc.
- Built AI-driven automations including a digital Sales Development Representative (Workato Genie), virtual card reconciliation (Workato AI/IDP), and Opex review chat assistant (Azure).
- Developed workflow apps and dashboards (Change Management, Employee Recognition) using Workato and Slack.
- Established reusable integration frameworks and contributed to solution architecture while leading cross-functional project delivery.

NTT Data

2019 - 2020

Software Development Analyst

- Independently led and delivered multiple integration projects for Cargill, ensuring scalable and reliable enterprise solutions.
- Designed and developed complex Boomi integrations across SAP, Salesforce, databases, and APIs (Ariba, OpenText, Twilio, Employee Central, Cargill Data Platform) using REST/SOAP services.
- Built robust end-to-end workflows handling XML, JSON, flat files, and database data, leveraging full Boomi process design and execution capabilities.

Capgemini

2018 - 2019

Associate Consultant

- Got trained and certified in Mulesoft (Mule 3 and Mule 4).
- Conducted POC's on Boomi such as migrating an existing complex SAP APIs from APIgee and replacing existing file transfer integration pattern with API driven pattern.

IBM

2016 - 2018

Associate System Engineer

- Developed enterprise integrations using IBM Integration Bus (IIB) and Dell Boomi for Etihad Airways and Finnair.
- Designed and implemented integrations across SAP, Salesforce, SharePoint, DB2, and APIs (Coupa, Anaplan); built reusable frameworks for error handling, monitoring, and archiving.
- Migrated message flows from WMB v6 to IIB v9 and developed supporting UNIX scripts and DB2 stored procedures for automation, file management, and data processing.

ACCOMPLISHMENTS

- Workato Automation Pro III Certificate
- Boomi Professional Developer 2022
- 2019 2H Performance Excellence Award
- Manager's Choice Award (June) 2018 1H and (July) 2018 2H program for demonstrating the practice: Put the client first.
- Certificate of Appreciation for contribution as Technical Program Committee Member at International Conference on Machine Vision and Augmented Intelligence (2022)
